W. MEREDITH. HARDWARE AND CUTLERY, FALL STOCK FOR 1852. THE undersigned are now in receipt of their entire stock of HARDWARE and CUTLERY for the

Fall Trade, and in calling the attention of the merchants of Tennessee, Kentucky, and North Alabama, to their stock now in store, they feel confident that it will be found to compare favorably, both as to quantity and assortment, with that of any other House in the country.

Experience has aiready demonstrated to the satisfaction of a large majority of dealers in this section of the country, that in the article of Hardware at least, the Nashville market is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not ket is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not bear the heavy expenses of transportation which must necessarily accrue when brought through by canals and railroads. The undersigned are also enabled to place their customers on an equal footing with those purchasing in any other market, from the fact that their European goods being all imported direct from the manufacturers by way of New Orleans without touching New York, thus enabling them to offer their goods at a small advance on importation cost.

Merchants, Blacksmiths, Carpenters, &c., visiting Nashville are invited to call and examine their stock before purchasing.

IN GREAT DEMAND. W E are supplying as fast as we can manufacture them, the popular Wrought Iron Cooking Stove called THE TENNESSEAN, and we offer the following good and sufficient reasons why it should be in every family in the South: 1st. It is of Southern manufacture, being made by the subscribers in the city of Nashville. 2nd. It is of such durable materials that it must out last

three or four cast iron stoves.

8rd. It is more complete in its cooking apparatus than any east iron cooking stove. 4th. It is so complete in its construction, that a child can as much fuel as a cast iron stove of the same size. 6th. In economy of time it is important, as it can be heated ready for cooking in a few minutes. 7th. Its uniform regularity, as every part of the stove is equally heated at the same time.

8th. Its perfect reliability, as we have put up over 400 of them in this State, and no one has ever failed to give entire satisfaction. The Tennessean has now been before the public for five years, and if not as new as some, it has another advantage quite as great, viz: a well earned reputation and a rising credit. It has been doing the work of many hundreds of families for several years, and it may be said, TO HAVE ES-TABLISHED ITSELF IN BUSINESS. Competition and change have done it no hurt. Like an old and well known trading

have done it no hurt. Like an old and well known trading house that retains its regular custom, while new ones are springing up around it, so this stove has held on its way. No stove could thus steadily and permanently prosper, that has not sterling qualities—the true element of success.

The Tennessean started on right principles, and has had no occasion to stop for improvements. Those who have used it, are determined still to use it, without modification or change. It is brought forward as the same substantial, convenient, business-like stove, that has served the public so well heretofore, and that has done its full share in gaining for our establishment the reputation it enjoys; of keeping the best cooking stoves in the market.

raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain; his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised. I subjoin the certificate of Prof. M. GABBERT, of Memphis,

Tenn, with whom I often advised during the time of my MEMPHIS, Tenn., April 17, 1369. I hereby certify that I have been acquainted with Dr.J. N. Bledsoe and some years ago he was reduced I celeve

lower than I have ever seen any one that afterwards recovered, with what I supposed to be Dyspepsia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

Dg. Bushson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea-when having almost despaired of his recovery, I con-

Dr. Blenson:—Some time has clapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saving to the public, that my wife had for three or four years been subject to the worst kind of speils of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously

Dr. Blerson-Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would cer-tainly relieve me, until I tried the above medicine, which has
